PERHAPS no book of its kind has enjoyed a better reputation, for so long a period, than George J. Adler's GERMAN AND ENGLISH DICTIONARY. The first edition, which appeared in 1848, was based on Flügel's; but the editor carefully revised that work, rewrote some parts, and added nearly thirty thousand new words. In doing this, he made free use of the most recent works of that day, including those of Hilpert, Grieb, Küttner and Nicholson, Campe, Heinsius, and Heyse. In his original preface he set forth as his principal aim "to offer to the American student of German a work which would embody all the valuable results of the most recent investigations in German lexicography, and which might thus become not only a reliable guide for the practical acquisition of that language, but one which would not forsake him in the higher walks of his pursuits, to which its literary and scientific treasures would naturally invite him." How well Professor Adler performed this task is shown by the long popularity of the book.

But every living language is continually growing, and the time comes when even the most perfect word-book must be revised. In the present revision the entire vocabulary of the original edition has been retained, with the exception of some words that have become obsolete. The wonderful progress of the arts and sciences has brought into use many new words and has given new meanings to old words, and the present editors have endeavored to incorporate in this new edition as many of them as are likely to be encountered by the student or the general reader. It happens also in every country that some portion of the slang and colloquialism of to-day becomes good language to-morrow, and must be recognized in a popular dictionary. The original spellings have been retained, but the few slight changes that have been adopted in German literature are indicated. In both parts the accent has been marked uniformly throughout, and the "to" with English verbs has been dropped, as has also the double "s" in words in -nis(s). The treatment of synonyms is the same as in the original edition.

GERMAN-ENGLISH AND ENGLISH-GERMAN DICTIONARY.

PART I.

GERMAN-ENGLISH.

Aaß

A, a, A, first letter of the alphabet; *prov. mer A sagt muß auch B sagen*, who begins with a thing must go on with it; *ich bin das A und das D*, I am Alpha and Omega, the beginning and the ending. *Also used for zu, für, gegen, um, at, for; as: das Hund á l Fäher, at a dollar a pound. an'kleiden, *v. I. a.* to put on clothes, to dress, attire; *II. refl.* to dress.

Syn. ankleben, ansetzen, anlegen. *Sich* ankleben always signifies the putting on of the entire clothing, to dress one's self. Ankleben and anlegen are not only said of the whole, but also of the several parts of which the dress is composed. Ankleben properly applies only to such articles as are drawn on to the body; anlegen to such only as are laid on; thus boots and stockings are angeklebt (drawn on); a sword, buckles, etc., are angelegt (put on). As, however, those articles of dress which are not angeklebt as a covering, but were angelegt, are for the most part ornamental; anlegen has become the more elegant expression of the two, and is then used of such parts as are angelegen when they are especially costly and ornamental: Trauer anlegen, to put on mourning; er hat heute seine besten Kleider angelegt, he has put on his best clothes to-day.

 nifies merely a coming together without
 any reference to the direction in which
 the approach is made; *begegnen* is to
 come together from opposite or differ-
 ent directions. Two persons setting out
 from the same place may fix on another
 place, where they will *zusammentreffen*;
 setting out from different parts, they
 may agree on a third place where they
 will *einander begegnen* (meet each other).

dau'erbar, { adj's, durable, last-
dau'erhaft, {
dau'erhaftig, { ing, strong.

Dau'erhaftigkeit, f. durability.

dau'erlos, adj. perishable, transient, ephemeral.

dau'ern, v. n. (h.) to last, continue, to hold out, endure, stand; es dau'erte nicht lange, so sah ich ihn kommen, it was not long before I saw him come; diese Art Äpfel dauert nicht, this kind of apples will not keep.

Syn. dauern, währen. Dauern signifies to remain in existence, to continue in the same state without perishing; it also implies that the cause of a thing's endurance is contained in itself—i. e., in the durability of the material of which it is made. Dauern may refer to objects themselves, but währen is only said of changes, the consecutive number of which constitutes the measure of time, or of states and conditions, the length of which is measured by the changes going on around them. Thus we say: the Egyptian pyramids have endured to the present day (haben bis auf den heutigen Tag gedauert, but not gewährt); the change of the seasons endures continually (währet und dauert noch immer fort).

dau'ern, v. a. impers. to make sorry; to cause to pity; to grieve; es dauert mich, I am sorry for it; es hat mich oft gedauert, I have often regretted it; laß dich die Kosten nicht —, do not grudge the expense; du dauertst mich, I pity you; sein Verbrechen dauert ihn nicht, he is not sorry for his crime.

Syn. dauern, gereuen, bedrücken. Es gereuet mich differs from es dauert and es bedrückt mich in referring merely to something which is past and for which we feel ourselves to blame. Es dauert mich may be said of something that has happened accidentally. Thus we say: mich dauert die Zeit (I grieve for the time) which I have been obliged to spend in any business, and mich gereut (reut) die Zeit (I regret the time) which I have carelessly thrown away. Es bedrückt mich denotes a higher degree of sorrow or vexation.

Syn. I. Ehrerbietung, Ehrfurcht. Ehrfurcht is a feeling of admiration or reverence mingled with awe and inspired by the consciousness of our own insignificance and littleness. Ehrerbietung is not an internal emotion, but merely an act of respect or obeisance.

Syn. II. Ehrgeiz, Ruhmbegierde, *vid. Syn. Ruhm.*

Syn. III. Ehrloß, unehrlich. The man is unehrlich who is undeserving of any respect or esteem; he is ehrloß who is publicly branded with infamy, or who is destitute of all feeling of honour. The swindler is unehrlich inasmuch as he acts dishonestly, but not necessarily ehrloß, until his dishonest actions are publicly known.

Eh're, *f.* (*pl.* —*n*) honour, reputation; rank; glory; einem —**erweiſen** or **bezeigen**, to do honour to one; einem alle —**antun**, to treat one with great respect; unbefleckt —, unsullied honour; *Phr.* alle —*n* widerfahren laſſen, to pay due honour to (a bill of exchange); einem die letzte —**erweiſen**, to do the funeral honours to one; göttliche —*n* erweiſen, to pay divine honours; zu großen —*n* erhaben werden, to be raised to great honour;
